Letters to the Editor

An Unconventional Success Profile

I just thought you might like to know that Ann Nuckols passed all four parts of the May 1986 CPA examination (her scores ranged from 80 to 84). Since I made the statement that "... anyone who has ever taught Ann has no doubt that she will pass all parts ..." in my piece, "An Unconventional Success Profile," I thought this information might make

for a nice editor's comment.
